WHERE IS OK AHOMA?

Yes Particulars of the New

Territory. The original tract of country called Oklahoma is situated in the very center of the Indian Territory, lying between Texas and Kansas, and is perhaps the most fertile district still unsettled within the United States. It was purchased by cents an acre. Ever since 1878 there have been projects on foot for settlers to break into the Territory and found settlements in defiance of the Government. These invading settlers are the "boomers." Since the issue of the President's There was a fine turnout of the Hono-luin Rifles (let Battalion, H. V.) for settlement April 22d, their number has dug-outs, tents, and rough shantles The original tract of land called Okla homa is less than a tenth part of the new Territory of that name. It contains an area of 25,000,000 acres, and extends from the Canadian River to the Kansas border, and northwesterly as far as No Man's Land. On the 22d of April there the map of the Territory will soon be dotted all over with paper cities. It is even reported that some of the "boom-The Lunch at Central Union Church. ers" secured balloons, so as to reach the
